CS410 Weekly Report

Team Copper AI[2]

Performance Period: Sunday 1/18 - Saturday 1/24

Summary of Group Accomplishments:

- This week the following tasks were completed:
  - The team had an initial meeting on 1/19 to prepare for the beginning of the semester. The team decided that a standing meeting would take place each Friday at 2pm ET.
  - The team met a second time, on Friday, and updated the RWP vs Prototype slides in preparation for an informal presentation during next Wednesday's class. The team worked together to decide which features of the project would be prioritized to work on in the coming weeks, as well as throughout the semester.

Individual Contributions/Accomplishments: (to be filled out by each individual)
- This week, each team member updated their availability for the ensuing semester for team meetings.

Key Objectives for Coming Week (top level prototype development objectives)
- The team must determine a tech stack to apply to the project.

Issues/Concerns:
- None
